

Design Sample: **DOOR DECOR**

PREFACE

During my third-year at UCSB, I had the pleasure of being a Resident Assistant for the first-year dorms. In this sample, I've included some of my best door-decoration design to highlight my versatility of graphic art. Unlike the serious, professional stewardship reports I created, these light-hearted Friends TV Show designs served as name decor. These images illustrate how design and aesthetics can bring joy to everyday moments, such as coming home to the dorms.

Blank white text box with a yellow border.
